ABOUT AGAINST THE CLOCK

Against The Clock, long recognized as one of the nation's leaders in courseware development, has been publishing high-quality educational materials for the graphic and computer arts industries since 1990. The company has developed a solid and widely-respected approach to teaching people how to effectively use graphics applications, while maintaining a disciplined approach to real-world problems.

Having developed the *Against The Clock* and the *Essentials for Design* series with Prentice Hall/Pearson Education, ATC drew from years of professional experience and instructor feedback to develop *The Professional Portfolio Series*, focusing on the Adobe Creative Suite. These books feature step-by-step explanations, detailed foundational information, and advice and tips from professionals that offer practical solutions to technical issues.

ABOUT THE AUTHOR

Erika Kendra holds a BA in History and a BA in English Literature from the University of Pittsburgh. She began her career in the graphic communications industry as an editor at Graphic Arts Technical Foundation before moving to Los Angeles in 2000.

Erika is the author or co-author of more than thirty books about Adobe graphic design software. She has also written several books about graphic design concepts such as color reproduction and preflighting, and dozens of articles for industry online and print journals. Working with Against The Clock for more than fifteen years, Erika was a key partner in developing *The Professional Portfolio Series* of software training books.

CONTRIBUTING EDITORS AND ARTISTS

A big thank you to the people whose comments and expertise contributed to the success of these books:

- **Tony Cowdrey**, technical editor
- **Dan Cristensen**, technical editor
- **Debbie Davidson**, technical editor
- **Jose Moncada**, technical editor
- **Roger Morrissey**, technical editor
- **Susan Chiellini**, copy editor

Walk-Through

Project Goals

Each project begins with a clear description of the overall concepts that are explained in the project; these goals closely match the different "stages" of the project workflow.

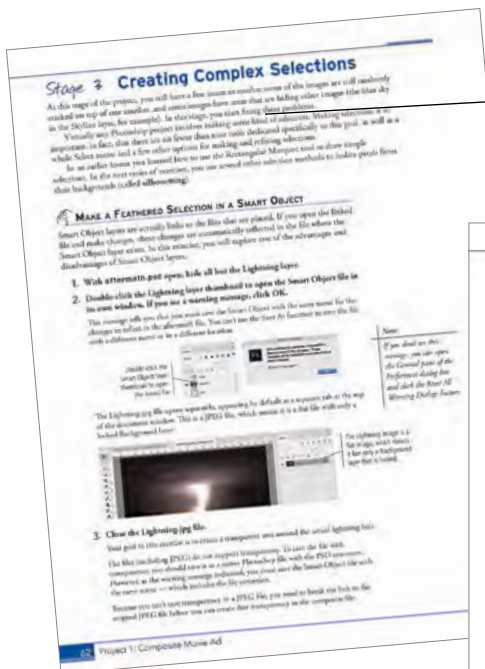

The Project Meeting

Each project includes the client's initial comments, which provide valuable information about the job. The Project Art Director, a vital part of any design workflow, also provides fundamental advice and production requirements.

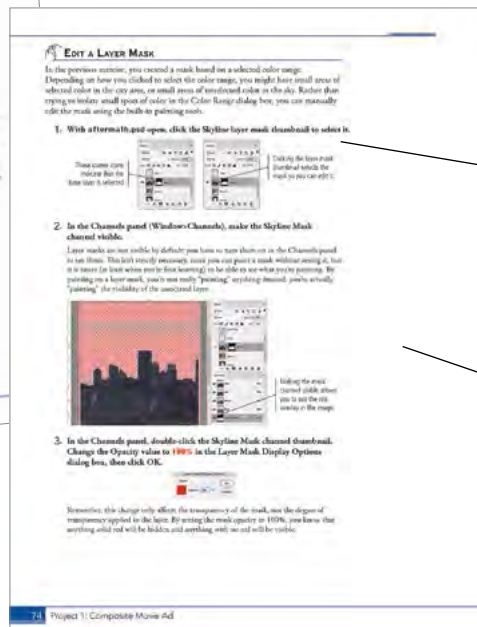

Project Objectives

Each Project Meeting includes a summary of the specific skills required to complete the project.

Real-World Workflow

Projects are broken into logical lessons or "stages" of the workflow. Brief introductions at the beginning of each stage provide vital foundational material required to complete the task.

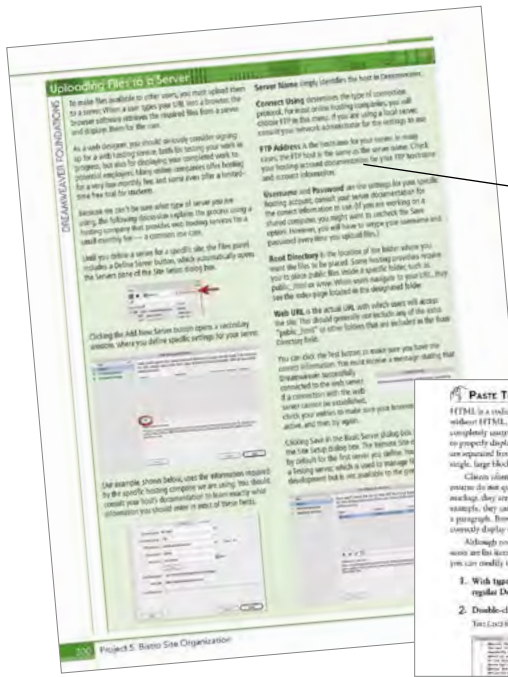

Step-By-Step Exercises

Every stage of the workflow is broken into multiple hands-on, step-by-step exercises.

Visual Explanations

Whenever possible, screen shots are annotated so that you can quickly identify important information.

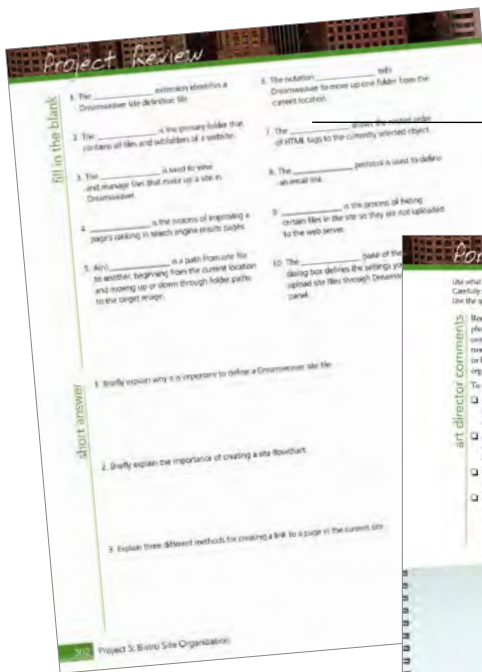

Design Foundations

Additional functionality, related tools, and underlying graphic design concepts are included throughout the book.

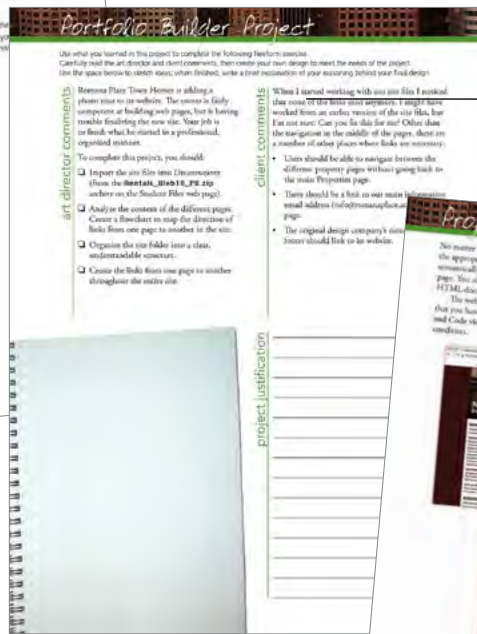

Advice and Warnings

Where appropriate, sidebars provide shortcuts, warnings, or tips about the topic at hand.

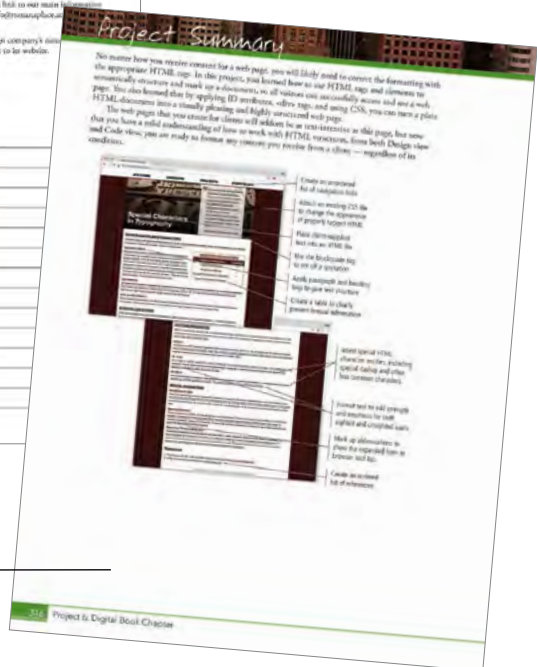

Project Review

After completing each project, you can complete these fill-in-the-blank and short-answer questions to test your understanding of the concepts in the project.

Portfolio Builder Projects

Each step-by-step project is accompanied by a freeform project, allowing you to practice skills and creativity, resulting in an extensive and diverse portfolio of work.

Visual Summary

Using an annotated version of the finished project, you can quickly identify the skills used to complete different aspects of the job.

Projects at a Glance

project 1

Composite Movie Ad

- ❑ Compositing Images and Artwork
- ❑ Managing Layers
- ❑ Creating Complex Selections
- ❑ Saving Files for Multiple Media

project 3

City Promotion Pieces

- ❑ Creating New Files
- ❑ Manipulating Pixels
- ❑ Working with Type

project 2

Vintage Car Montage

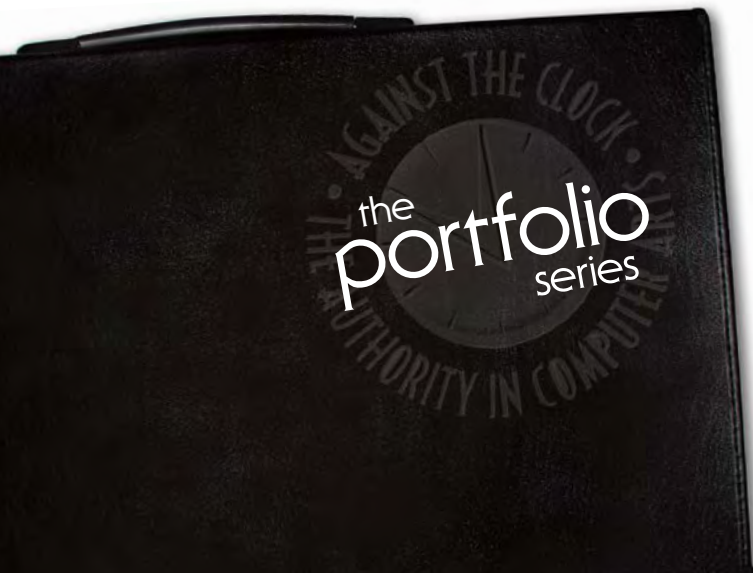

- ❑ Enlarging Source Files
- ❑ Working with Vector Tools
- ❑ Applying Styles and Filters

project 4

Photographer's Web Page

- ❑ Automating Repetitive Tasks
- ❑ Editing Layers for Visual Effect
- ❑ Generating Web-Ready Assets

project 5 **Bistro Site Organization**

- ❑ Exploring Site Structure
- ❑ Organizing the Site Navigation
- ❑ Naming and Titling Documents

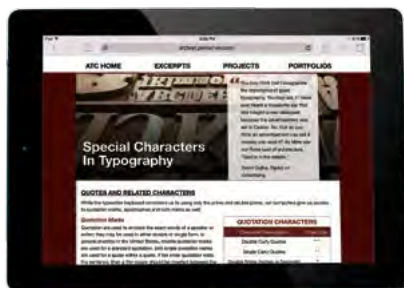

project 7 **Arts Council Website**

- ❑ Placing Static Foreground Images
- ❑ Extracting Photoshop Assets

project 6 **Digital Book Chapter**

- ❑ Preparing the Workspace
- ❑ Working with Semantic Markup
- ❑ Working with Special Characters
- ❑ Creating Lists
- ❑ Attaching an External CSS File

project 8 **Museum CSS Layout**

- ❑ Creating Layouts with Style Sheets
- ❑ Working with a Template
- ❑ Using CSS to Control Content

Against The Clock's *The Professional Portfolio Series* teaches graphic design software tools and techniques entirely within the framework of real-world projects; we introduce and explain skills where they would naturally fall into a real project workflow.

The project-based approach in *The Professional Portfolio Series* allows you to get in depth with the software beginning in Project 1 — you don't have to read several chapters of introductory material before you can start creating finished artwork.

Our approach also prevents “topic tedium” — in other words, we don't require you to read pages and pages of information about text (for example); instead, we explain text tools and options as part of a larger project (in this case, as part of a set of promotional ads).

Clear, easy-to-read, step-by-step instructions walk you through every phase of each job, from creating a new file to saving the finished piece. Wherever logical, we also offer practical advice and tips about underlying concepts and graphic design practices that will benefit students as they enter the job market.

The projects in this book reflect a range of different types of design jobs, from designing a composite layout to building a Web page with CSS. When you finish the projects in this book (and the accompanying Portfolio Builder exercises), you will have a substantial body of work that should impress any potential employer.

The eight projects are described briefly here; more detail is provided in the full table of contents (beginning on Page viii).

Contents

Acknowledgements **iii**

Walk-Through **iv**

Projects at a Glance **vi**

Getting Started **xii**

Photoshop User Interface **1**

| | |
|---|----|
| Explore the Photoshop Interface | 1 |
| Understanding the Application Frame | 2 |
| Explore the Arrangement of Photoshop Panels | 4 |
| Customizing the Photoshop Tools Panel | 9 |
| Accessing Photoshop Tools | 10 |
| Create a Saved Workspace | 11 |
| Customizing Keyboard Shortcuts and Menus | 12 |
| Explore the Photoshop Document Views | 13 |
| Summing Up the Photoshop View Options | 18 |
| Explore the Arrangement of Multiple Documents | 19 |

Project 1 Composite Movie Ad **23**

| | |
|--|-----------|
| Stage 1 Compositing Images and Artwork | 25 |
| Open and Resize an Image | 25 |
| Crop the Canvas and Place Ruler Guides | 29 |
| Understanding File Saving Preferences | 30 |
| The Crop Tools in Depth | 36 |
| Drag a File to Composite Images | 38 |
| Copy and Paste Selected Pixels | 40 |
| Understanding Smart Guides | 43 |
| Rasterize a Vector File | 44 |
| Place Files as Smart Object Layers | 45 |
| Working with Embedded and Linked Smart Objects | 48 |
| Working with CC Libraries | 49 |
| Stage 2 Managing Layers | 51 |
| Name Layers and Layer Groups | 51 |
| Move and Transform Smart Object Layers | 53 |
| Transform a Regular Layer | 56 |
| Transform the Background Layer | 58 |
| Navigating the History | 61 |

| | |
|--|-----------|
| Stage 3 Creating Complex Selections | 62 |
| Make a Feathered Selection in a Smart Object | 62 |
| Understanding the Lasso Tools | 64 |
| Understanding Channels | 66 |
| Select a Color Range and Create a Layer Mask | 67 |
| More on Selecting a Color Range | 69 |
| Edit a Layer Mask | 74 |
| Make and Refine a Quick Selection | 78 |
| Arrange Layer Position and Stacking Order | 82 |

| | |
|--|-----------|
| Stage 4 Saving Files for Multiple Media | 83 |
| Save a Flat TIFF File | 83 |
| Save a JPEG File for Digital Media | 85 |
| Project Review | 88 |
| Portfolio Builder Project | 89 |

Project 2 Vintage Car Montage **91**

| | |
|---|------------|
| Stage 1 Enlarging Source Files | 93 |
| Resize and Resample the Existing Source Image | 93 |
| Sharpen the Enlarged Image | 96 |
| Edit the Canvas Size | 97 |
| Stage 2 Working with Vector Tools | 100 |
| Use the Freeform Pen Tool | 101 |
| More about Working with the Paths Panel | 104 |
| Understanding Anchor Points and Handles | 105 |
| Add to an Existing Path | 106 |
| Edit Vector Paths | 110 |
| Create a Vector-Based Layer Mask | 112 |
| Create a Vector Shape Layer | 113 |
| More About Vector Shape Options | 118 |
| Understanding Vector Path Operations | 119 |
| Selecting and Modifying Paths | 120 |
| Clone and Align Layers | 122 |
| Auto-Select Layers | 126 |
| Create Clipping Masks | 128 |

| | |
|--|------------|
| Stage 3 Applying Styles and Filters | 130 |
| Add Texture to a Shape Layer | 130 |
| Apply Custom Layer Effects | 132 |
| Layer Styles in Depth | 134 |
| Fading Filters | 138 |
| Use the Filter Gallery | 138 |
| Liquify a Layer. | 140 |
| Understanding the Liquify Filter | 143 |
| Use the Eyedropper Tool | 144 |
| Create a Custom Gradient | 146 |
| Create a Gradient Fill Layer | 148 |
| Create a Pattern Fill Layer | 149 |
| Distinguishing Photoshop Blending Modes | 152 |
| Print a Composite Proof. | 153 |
| Print Output Options | 154 |
| Project Review | 155 |
| Portfolio Builder Project. | 156 |

Project 3 **City Promotion Pieces** **159**

| | |
|--|-----|
| Stage 1 Creating New Files | 161 |
| Create a New File | 161 |
| Control the Background Layer | 163 |
| Stage 2 Manipulating Pixels | 167 |
| Apply Content-Aware Scaling | 167 |
| Use the Content-Aware Move Tool | 169 |
| More about Content-Aware Scaling | 169 |
| More about the Content-Aware Move Tool | 172 |
| Apply a Tilt-Shift Blur Effect | 172 |
| Apply an Iris Blur Effect | 175 |
| More about the Blur Gallery | 177 |

| | |
|---|-----|
| Stage 3 Working with Type | 179 |
| Place and Format Point Type | 180 |
| More About Working with Fonts. | 183 |
| Use the Move Tool with Type Layers | 185 |
| The Character Panel in Depth. | 185 |
| Create Vertically Oriented Type. | 187 |
| The Paragraph Panel in Depth | 190 |
| Create and Control Area Type. | 191 |
| Create Paragraph Styles. | 193 |
| Load Paragraph Styles from Another File | 196 |
| More about Working with Type | 197 |
| Create a Solid-Color Fill Layer. | 198 |
| Project Review | 203 |
| Portfolio Builder Project. | 204 |

Project 4 **Photographer's Web Page** **207**

| | |
|--|-----|
| Stage 1 Automating Repetitive Tasks | 209 |
| The Actions Panel in Depth | 209 |
| Review the Initial Site Design | 210 |
| Save an Action Set | 211 |
| Create a New Action | 212 |
| Inserting Action Stops and Menu Options | 215 |
| Batch-Process Files | 216 |
| Place and Align Thumbnails on the Page | 218 |
| Stage 2 Editing Layers for Visual Effect. | 222 |
| Extrude a Text Layer to 3D. | 222 |
| Use Puppet Warp to Transform a Layer | 228 |
| Stage 3 Generating Web-Ready Assets | 232 |
| Define a New Artboard | 232 |
| Generate Image Assets from Layers | 234 |
| More about Using Adobe Generator | 236 |
| Copy CSS for Text and Shape Layers | 237 |
| Creating Image Slices. | 239 |
| Copy and Edit Artboard Sizes | 240 |
| Adjust Image Content for Alternate Display Sizes | 242 |
| Generate Type CSS for Alternate Display Sizes | 244 |
| Project Review | 249 |
| Portfolio Builder Project. | 250 |

Dreamweaver User Interface 253

| | |
|--|-----|
| Explore the Dreamweaver Workspace | 253 |
| Understanding the Common Toolbar | 255 |
| Understanding New Feature Guides | 259 |
| Preview Files in Dreamweaver Live View | 261 |
| Preview a File in a Browser. | 264 |
| Remove a Site from Dreamweaver. | 266 |

Project 5 Bistro Site Organization 267

| | |
|--|-----|
| Stage 1 Exploring Site Structure. | 269 |
| Create a New Site Definition | 269 |
| Examine the Site Files | 271 |
| Plan Folder Organization | 273 |
| Sort and Move Image Files | 274 |
| Stage 2 Organizing the Site Navigation. | 277 |
| Changing the Update Preferences. | 277 |
| Create Hyperlinks within the Site | 278 |
| The HTML Insert Panel in Depth | 280 |
| Copy and Paste Links. | 285 |
| Adjust Relative Link Paths | 287 |
| Accessing Page Content in the Menu Pages. | 289 |
| Create an Email Link | 290 |
| Stage 3 Naming and Titling Documents. | 291 |
| Rename Pages for Search Engine Optimization. | 291 |
| Understanding Web File Naming Conventions | 292 |
| Create Document Titles for Individual Pages | 292 |
| Understanding Find and Replace Options | 295 |
| Hide Files from the Web Server. | 296 |
| Export and Remove the Site Definition | 298 |
| Uploading Files to a Server. | 300 |
| Project Review | 302 |
| Portfolio Builder Project. | 303 |

Project 6 Digital Book Chapter 305

| | |
|---|-----|
| Stage 1 Preparing the Workspace | 307 |
| Define the ATC Site | 307 |
| Create a New HTML Document. | 308 |
| Stage 2 Working with Semantic Markup | 310 |
| Paste Text Content in Design View | 310 |
| Understanding Element Names, Tags, and Attributes | 312 |
| Formatting Text with the Properties Panel | 314 |
| Format Headings in Design View | 314 |
| Format a Blockquote and Inline Quote | 316 |
| Mark up Abbreviations in Code View | 319 |
| Understanding Code View Formatting. | 322 |
| Format with Strong and Em Elements | 322 |
| Stage 3 Working with Special Characters | 324 |
| Insert Special Characters | 324 |
| Create a Table of Quote Characters. | 326 |
| More about Working with HTML Tables. | 328 |
| Use the Insert Other Character Dialog Box. | 329 |
| Insert Special Characters in Code | 332 |
| Stage 4 Creating Lists | 333 |
| Create an Ordered List of Web Resources | 333 |
| Create an Unordered List of Navigation Links. | 335 |
| Stage 5 Attaching an External CSS File | 336 |
| Add Tags and Element IDs | 336 |
| Attach the CSS File | 340 |
| Learning about HTML5 Tags. | 343 |
| Project Review | 344 |
| Portfolio Builder Project. | 345 |

Project 7 Arts Council Website 347

| | |
|---|-----|
| Stage 1 Placing Static Foreground Images | 349 |
| Review the Existing Project Status. | 350 |
| Place an Image in the Regular Design View | 351 |
| Place an Image with the Insert Panel | 354 |
| Drag and Drop an Image from the Insert Panel | 356 |
| Insert an Image with the Assets Panel. | 358 |
| Resize and Resample an Image. | 360 |
| The Image Properties Panel in Depth. | 364 |
| Stage 2 Extracting Photoshop Assets | 365 |
| Verify your Adobe ID in Dreamweaver. | 365 |
| Load a Photoshop File into your Creative Cloud Account. | 367 |
| Extract Text and Images from a Photoshop File | 369 |
| Format the Page Body | 373 |
| Format Element Backgrounds with Extracted Styles | 378 |
| Define Background Images. | 382 |
| Format Text with Extracted Styles | 386 |
| Format Links with Descendent Selectors | 388 |
| Understanding Hexadecimal Color Codes | 392 |
| Define Background Images for Navigation Link States | 393 |
| Project Review | 395 |
| Portfolio Builder Project. | 396 |

Project 8 Museum CSS Layout 399

| | |
|---|-----|
| Stage 1 Creating Layouts with Style Sheets | 401 |
| Prepare the Site Files | 402 |
| Define a New Element and Tag Selector | 404 |
| Drag and Drop to Create New Elements | 407 |
| Define a Selector with an ID Attribute. | 410 |
| Understanding CSS Shorthand | 413 |
| Create New Selectors using the CSS Designer Panel | 414 |
| Create and Manage Nested Elements | 416 |
| Control Element Float Position | 420 |
| Work with the CSS Box Model | 423 |
| Define Properties for the <body> Tag. | 428 |
| Stage 2 Working with a Template. | 431 |
| Create a Template | 431 |
| Apply the Template to Existing Pages | 435 |
| More about Working with Dreamweaver Templates | 439 |
| Stage 3 Using CSS to Control Content | 440 |
| Define HTML Tag Selectors. | 440 |
| Create Named Anchors | 443 |
| Create a Pseudo-Class Selector. | 447 |
| Create a Figure and Figure Caption. | 448 |
| Create Descendant Selectors | 452 |
| Project Review | 455 |
| Portfolio Builder Project. | 456 |
